MEDIA KIT

ABOUT JASTIN

Gold & Platinum Music Streaming Award winner engineer, artist, and producer, Jastin Artis, is bilingual in “producer” and “c-suite” lingo with nearly two decades of progressive experience in the music industry. Jastin Artis is an industry dot connector and celebrated creative with a reputation for utilizing creativity and a “whatever it takes” attitude to lead big ideas from development to execution.

Based in the **Washington DC Metro Area** Jastin bridges the gaps and brings you the answers you didn't know you were looking for. He rises and finds excitement in challenges, not backing down from them. He is married and a father of two boys who embodies a dad's trait that is about **impact and legacy**.

He never considered himself a recording artist, but his faith led him to create a genre he describes as **Hip-Hop Renaissance** that fuses Hip-Hop, Gospel, and Spoken word typically centering around his soulful acoustic and lead guitar playing.

Outside of furthering his own music career, Jastin is also the President and Owner of subscription-based artist development service **A&R IN YOUR POCKET**, helping emerging artists achieve their vision. Additionally, he's stepped into sync licensing as a **Top 10 income earner** via a music licensing platform with over **8k users in 142 countries** using his original content for their projects.

There is much more to come from Jastin as he continues to **evolve, collaborate, and extend** to the next level in his career. Make sure to keep up with Jastin to experience his next album, ***Love in Darkness II***, which is due in 2023.

**Jastin Artis is the bridge
to where you want to be.**
